

BATTLE IS NOW RAGING ALL ALONG THE FRONT.

RESULTS NOT KNOWN.

Fighting is Reported to Be of Most Desperate Character.

Tokio Thinks That Turning Movement of Russians Was Checked. Oyama Tells Emperor That He is Gaining Ground, and That Kuropatkin is Meeting With Severe Repulses.

THE ARMIES OF KUROPATKIN AND OYAMA ARE AGAIN IN BATTLE ON GROUND, WHICH AS FAR AS CAN BE DETERMINED FROM TODAY'S ADVICES FROM THE FRONT, LIES GENERALLY TO THE NORTH AND EAST OF THE SCENE OF THE BATTLE OF LIAO YANG. BEGINNING WITH THE RUSSIAN BLOW AT BENTSIAPUTZE ON THE NINTH, THE ENGAGEMENT SPREAD UNTIL TODAY BOTH TOKIO AND ST. PETERSBURG REPORT THAT IT IS RAGING ALONG THE ENTIRE FRONT.

SO FAR THE RESULTS HAVE NOT BEEN DECISIVE. IT IS EVIDENT THAT KUROPATKIN IS TRANSFERRING THE WEIGHT OF HIS ATTACK TO THE JAPANESE RIGHT, WHICH RESTS ON THE TAISSIE RIVER EAST OF THE YENTAI MINES. NORTH OF YENTAI, THE FIGHTING IS REPORTED TO BE OF THE MOST DESPERATE CHARACTER. THE POSITIONS CONSTANTLY CHANGING HANDS AND THE LOSSES ON BOTH SIDES BEING HEAVY. TOKIO REPORTS THAT THE BATTLE RAGED UNINTERRUPTEDLY ALL YESTERDAY AND INTO THE NIGHT AND THAT IT IS BELIEVED THERE THAT THE RUSSIAN TURNING MOVEMENT WAS CHECKED. OYAMA REPORTS THAT HE IS GAINING GROUND AND THAT THE RUSSIAN ATTACK ON SIENCHUNG IN THE EFFORT TO CUT THE JAPANESE COMMUNICATIONS WITH THE YALU RIVER WAS REPULSED. AT THE CLOSE OF YESTERDAY'S FIGHTING, KUROPATKIN REPORTED TO THE WAR OFFICE THAT THE JAPANESE WERE OFFERING A STUBBORN RESISTANCE AND THAT THEY HAD EVEN ADVANCED THEIR POSITIONS.

St. Petersburg Oct. 12.—1:37 p. m.—The battle now below Mukden continues to rage along the entire front and according to General Kuropatkin's latest advices sent last night after the fighting of the day had ended the Japanese were stubbornly holding their own, offering a desperate resistance and had even advanced their positions. After an all day fight above Yentai where the Russians sustained their first check the Japanese still held that position. The infantry practically was not engaged, the artillery bearing the brunt of the fighting. The Japanese stuck to their guns and the Russian batteries were unable to dislodge them.

According to the advices received by the war office here the Japanese hold entrenched lines extending in a semi-circle north of Yentai railroad station, erroneously reported to have been captured by the Russians. Thence they have a series of arcs covering the Yentai branch railroad, including the mines whence these lines sweep southward toward the Taisie river thus enclosing the mountainous region forming the triangle of their main positions. General Kuropatkin's right seemingly is carrying out a strong flanking movement eastward as reported by the correspondent of the Associated Press and Shampintaidze, but whether it is intended to push it home or whether it is only a feint to cover an ultimate attack against Field Marshall Oyama's left has not yet developed.

The latter view is held by many of officers here who believe that Kuropatkin's purpose is to crumple up the Japanese left, push them off to the eastward from the railroad, and then if he can carry the Japanese triangle, compel them to retire in the direction of the Yalu river, thus clearing the way through Liao Yang for possession of the railroad southward and possibly enabling Kuropatkin to relieve Port Arthur, which, as announced in the Russian General's recent order of the day, is his main objective. Still, the best informed members of the general staff are inclined to think that the strategy of the battle must depend upon the manner in which the engagement develops. It is pointed out that in the defeat, which Kuropatkin must constantly bear in mind, since the Japanese then will doubtless try to push through to Yie Pass, it would be necessary for him to keep his heaviest battalions east. The story cabled

Field headquarters of the second Japanese army, Oct. 10, 9 p. m., via Fusan, Korea, Oct. 12.—The advance on Mukden began this morning. Field Marshall Oyama learning that the Russians were strengthening and reinforcing their left five miles north of Yentai, ordered the advance. The entire line began this march, the infantry advancing two or three miles, the artillery following. The Russians observing this movement, opened an artillery gun duel which continued all day. There was no decisive forward movements of the infantry tonight.

Shampintaidze, (a mile south of Bentsiaputze) Monday, Oct. 10, with the Russian left flanking column, by way of Mukden, Oct. 12.—The Russians have been advancing in force for several days. Upon reaching Taidiamowza, a mile south of Kaoutou Pass, on the Fushan road, they began hearing artillery fire on their right, where the Russian right was in contact with the Japanese. The main column was immediately accelerated. The Russians where then two days march from Shampintaidze. Desultory skirmishing was constantly proceeding on the right left and the Japanese steadily retired.

Firing ahead became heavier and wounded men from the scouting detachments began to pass through the Russian lines. The Russians pressed forward with increased speed, the infantry advancing at the double. The spirits of the men were high due to the fact that they were assuming the offensive. They arrived at the village of Shampintaidze at five o'clock this evening. The Japanese had hurriedly abandoned the place the night before, paying the Chinese big prices to carry away their stores, amounting to 4,000 bags of rice and barley. There were two divisions of the Japanese in front of the Russians. The general commanding this (Russian) column, upon reaching Shampintaidze deployed a portion of his forces with a battery of artillery sent out left flank supports and went personally to his right flank where his skirmishers had already engaged the Japanese. An artillery duel then opened on the left with the Japanese mountain guns brought up from Chowshan Pass which were shelling the Russian scouting detachments. The Japanese projectiles, however, fell wide and the Russian guns came up at a gallop, unnumbered and opened fire on the Japanese artillery. This duel was continued until dark. The Russian fire was accurate and eventually silenced the Japanese battery.

The Russians lost ten men wounded and had one man killed. This morning the batteries reopened fire at ten o'clock the Japanese replying. To the right the fight was proceeding simultaneously apparently in favor of the Russians. The latter were using about ten miles of telegraph and telephone lines abandoned by the Japanese. It is rumored here that the Russians have occupied Yentai.

Mukden Oct. 12.—S. a. m.—(delayed)—The battle commenced this morning along the line of the railway with a terrific artillery fire on both sides. The railway line almost to Yentai is in possession of the Russians. The station itself has been damaged nearly beyond recognition.

The weather is beautiful and the sound of cannonading is audible a distance of forty miles. It is impossible to tell how the days fighting will develop. The fighting on Monday commenced early in the morning. A bombardment of five hours duration forced back the Japanese lines along almost the entire front and opened the way for an infantry attack.

About noon the Japanese began to retire. Their flanks and center were stubbornly defended and the battle increased in intensity, concentrating about the Yentai coal mines where firing continued until darkness fell. As a net result of the day's events, the Russians drove in the Japanese left, while the right clung to its position, but maintained itself only with difficulty.

Tokio, Oct. 12.—8 p. m.—A battle (south of Mukden) raged uninterruptedly all of Tuesday and into the night. It was continued today. The results have not been decisive. The Russians have a heavy force on the Japanese right toward the Taisie river, but it is believed that the Japanese have checked the Russian turning movement.

LOSS

Will Reach Million Dollars.

Winnipeg Has Worst Fire In All Its History.

In Two Hours Two of Most Important Blocks Were Destroyed.

Walls of Burned Blocks Have Fallen in and Will Burn For Several Days. No Lives Lost.

Winnipeg Minn. Oct. 12.—This city was visited last night by the worst fire in its history. In two hours two of the most important business blocks were destroyed entailing losses estimated at nearly a million dollars. No lives were lost. The damage is summarized as follows:

New Bulman block with stock values \$200,000 totally destroyed. J. A. Ashdown's block value \$500,000 totally destroyed. Davis block partially damaged. Rio block badly damaged by water smoke and heat. The fire financially affected are Bulman Bros. engravers and one art printer. J. H. Ashdown hardware. J. Meikle & Co. Brick & Co. J. & G. (Cigars) manufacturing agents. Steele & Co. photographers. Dufferin Co. Hingston Smith Arts Co. The fire originated in the Bulman block where the flames spread with such rapidity that at 10 o'clock it looked as if the conflagration would rival those of Toronto and Ottawa. Owing to the fact that there were chemicals in the Bulman block the flames were a canyours from the top of that structure. Torches in and shot out on each side.

The best the firemen could do was to endeavor to localize the outbreak and this task fell high impossible owing to the rapidity with which it made its way through the Ashdown block and threatened handfields, the land Hotel and Hlatto block. The Rio block was badly damaged by water and heat but the danger to the other two structures was avoided. The walls of the burned blocks have all fallen in and after the firemen have the fire under control it will burn for several days.

VIOLATION OF ORDERS

Caused Death of Employee and Two of His Companions in Auto Accident.

New York Oct. 12.—Mystery regarding the ownership of the automobile that plunged from Jerome avenue to the New York Central tracks last Friday morning killing three persons and maiming four others, has been cleared up by the coroner's inquest. Thomas H. McCarter, president of the public service corporation of New Jersey owned the automobile. Albert Noyes the driver who was almost instantly killed under the wreckage of the machine was in his employ. He had been instructed to take it to a repair shop Thursday night after carrying the owner to his home in Newark. Evidently Noyes took advantage of his instructions to spend the evening with friends. The coroner's jury found Noyes to blame for the wreck but recommended the closing of the blind street where the auto ran over a wall and fell to the railroad track.

HIS TOUR A TRIUMPH.

Candidate Davis Is Youngest of His Campaigning Companions.

Demands Relief From Taxes

For Farmers, and That a Heavier Burden Be Placed on Corporate Intereests. He Does Most of Talking as He Whirls Over West Virginia.

Oakland Md. Oct. 12.—Twelve West Virginia towns are to receive visits from the Davis special today and candidate Henry G. Davis the democratic choice for vice president David B. Hill Senator Daniel and Ex-Governor White of Maryland constituting the campaign force of the train. Refreshed after a night's rest at Piedmont the party made an early start for the harvest field Oakland Md. was reached at 9 o'clock.

This is the last Maryland town to be touched in the tour of Mr. Davis and despite a drizzling rain there was a crowd and enthusiasm to greet the candidate and his coworkers. Today's programme includes the following West Virginia towns: Terra Alta Rowlesburg Tumbleton Newburg Grafton Clarksburg, Gypsum Shinnisto Enterprise Worthington Monongah and Fairmont the latter the stopping place for the night. Local issues form the text of the speeches of Mr. Davis who is doing most of the talking as he flits from one town to another in his whirlwind special. He demands a registration law of the republican legislature also relief from state taxes for the farmer with a heavier burden on corporate interests.

The way to be sure of these results he declares is to elect a democratic governor and legislature. When Mr. Davis gets through with his audiences which give him earnest attention and endorsement there is not much time left for the discussion of national issues which task is delegated to Messrs. Hill Daniel and White. The early meetings today were short ones.

UPON

The Fate of Imperial Policy

Now Depends

The Vitality of the Constitution.

Views of the National Political Situation Clearly Expressed

By Hon. W. S. Thomas, Who Headed the Ohio Delegation at the National Convention Held in St. Louis.

Columbus, Oct. 12.—Hon. W. S. Thomas, of Springfield, who has been in Columbus on private business, incidentally called at democratic state headquarters to express his interest in the campaign. Mr. Thomas will be remembered as chairman of the Ohio delegation at the St. Louis convention.

At the Chittenden hotel, Mr. Thomas talked politics while waiting for his train.

"I don't think that the absence of noise in the campaign indicates apathy as much as is supposed," he said. "There is an old saying that still waters run deep. Apathy would mean a lack of interest in the issues at stake and an indifference to the result. I don't believe that such a feeling exists. If it did exist as generally as supposed, it would result in a very light vote throughout the country. The total vote will show the test of interest or indifference, and I believe it will be certainly not less than normal as between the two great parties. Both parties have had a surfeit of enthusiasm, sky-rocket campaigning and intense activity in organization for a number of years. The present conditions of affairs is in part a reaction, but is also due to the nature of the issues involved. It should also be remembered that there is no occasion for the feverish activity among republicans which would be noticeable if President Roosevelt or some other candidate were running for a first term. The republicans who are now 'in' expect to stay in and those who are 'out' don't expect anything. This state of affairs makes a different campaign than would be in progress if it were a free-for-all scramble for office among republicans generally. These things, taken all together, naturally produce conservative tactics in the management of the campaign on both sides. I don't think, however, that they denote apathy to an extent that will prevent a very general expression of sentiment at the polls."

Mr. Thomas is interested in the campaign as a business man and as a farmer, as well as a democrat, and from the standpoint of a manufacturer he is naturally interested in the tariff question.

"I am glad to see this question brought forward prominently," he said. "It has always been a winning issue for the democrats when properly presented, simply because the democratic position is the right one and will be so understood in the long run. The tariff question is even more vital now than it was in 1892, when Grover Cleveland swept the country on it. Since that time monopoly has been immeasurably profited by new tariff favors and the trust question has appeared where it was unheard of in Cleveland's time. I was interested in Colonel Kilbourne's remarks on the tariff question as chairman of the democratic opening at Lima. Colonel Kilbourne is a large manufacturer. His experience, like that of all manufacturers who do not receive special favors from the government, teaches him the danger of high tariffs to our foreign trade, as well as their injustice to domestic trade. My own experience as a manufacturer brings me to his conclusions. Take the steel trust as a single example of high tariff extortion. The tariff enables the trust to sell its product to American manufacturers for about \$5.00 to \$7.00 per ton more than it charges manufacturers in the foreign markets. American manufacturers, therefore, pay substantially more for their steel than it is actually worth. Naturally they don't like this kind of treatment; but they also necessarily labor under the apprehension that, with this great advantage in the cost to them of raw material, the foreign manufacturers may outstrip us with our present foreign trade and perhaps even become successful competitors with our domestic trade, in spite of the tariff. It is certain that our foreign trade is imperiled when tariff legislation gives this immense advantage to the foreign manufacturer. Many American manufacturers are largely dependent on

An Easy Time For Mothers.

See How Zoa Phora Relieves All Pain and Suffering and Makes the Road for Mothers Smooth.

Try Little Zoa Phora to Every Woman.

The freedom and relief from pain and suffering that Zoa Phora has brought to women during childbirth alone is enough to render it the greatest blessing of the age to women. In addition to this it cures all irregularities of the sex, displacements, suppressed and painful periods, leucorrhoea, piles, kidney, bladder and liver troubles and regulates the change of life. Zoa Phora makes the change from maidenhood to womanhood safe and easy and is a matchless remedy for young girls during this critical period of their lives.

The women of America endorse and praise Zoa Phora. All women can secure perfect health and happiness who will use Zoa Phora. All who have used it are now rejoicing in these blessings as their words of praise and gratitude prove. The following letters are only one of thousands which we receive:

Mrs. C. E. Clark, Box 345, Lake View, Mich., says: "I wish to say a few words of praise for Zoa Phora, as it is certainly the best medicine I have ever used for women's troubles. I have suffered with leucorrhoea for seven years and I also had causing miscarriages, from which I suffered for five years. I had a six months' birth, which nearly caused death, and ever since I have been sickly. Last Christmas one of Dr. Pennington's books, 'Advice to Women,' came within my reach, and so highly recommended Zoa Phora, that I decided to try a bottle, and have found the very best of results. February 2nd I gave birth to a little girl, and she is strong and smart, and I am in the best of health I have had for over seven years, all from the use of Zoa Phora. I will say anyone who is troubled in like manner or expecting confinement should take Zoa Phora, and it will certainly be of great benefit to them. I know it makes childbirth much easier than without it."

Write the Zoa Phora Co., Kalamazoo, Mich., for the trial bottle and copy of their illustrated medical book, "Dr. Pennington's Advice to Women." The doctor will give gladly free special advice when needed. Zoa Phora is for sale at \$1.00 a bottle by—

business. A condition like that raised by the steel trust is, therefore, of very serious interest to them."

Mr. Thomas, who was an earnest supporter of Mr. Bryan in the latter's two campaigns, although reckoned with the conservative forces of the party in this state, is particularly pleased with Judge Parker's attitude toward the question of imperialism.

"Mr. Bryan is right in emphasizing this issue," he said. "Judge Parker is right in demonstrating that the vitality of the constitution depends somewhat upon the fate of the imperial policy. If we are going to become a colonial empire like Great Britain, the sooner we relinquish pretenses to republicanism in this campaign the better. The country is fortunate in having the question of imperialism so placed before the people today that the election may show the true condition of American sentiment regarding it. This was not the case four years ago, when the financial issue overshadowed all others, although the platform declared that imperialism was paramount, and when the tremendous resources commanded by the late Senator Hanna were straining every nerve to accomplish the reelection of President McKinley. For my part, I hope the country will administer a rebuke to the expensive and un-American imperial idea next November, and that we shall have a democratic president and house of representatives to direct the policy of the nation back to the ideals of the forefathers during the next four years."

Mr. Thomas takes a hopeful view of the situation in Ohio. He is at least confident that the Buckeye democracy will be left by this campaign in fine feather for the fight that will come a year hence, when a governor and legislature will be elected.

Mukden, Oct. 11.—(Delayed in transmission.)—The aggressive movement of Kuropatkin's army is causing the Japanese column on the northeast to withdraw concentrating at the Yantai coal mines. Russian scouting parties came into contact with the Japanese, Monday evening, and captured 100 head of cattle. The retirement of the Japanese was so hurried that they abandoned their field telegraph and telephone lines. The Russian soldiers are in the best of spirits and advance to battle singing.

MIDNIGHT ON BATTLEFIELD.

Failure to Receive News of Decisive Results Causing Apprehension at St. Petersburg.

St. Petersburg, Oct. 12.—It is now midnight on the battlefield below Mukden and the failure to receive news that the Russians achieved decisive results in today's fighting north of Yantai, coupled with the Tokio report that Field Marshall Oyama is gaining ground, causes increased apprehension. The despatch of the Associated Press from Tokio was the first positive information that Russian troops in any force were already across the Taitsie river, although it was already known here that some cavalry had passed over the river but the report that another column was attempting to cut the Japanese line of communication with the Yalu river did not come as a surprise, and it was known, although not revealed for strategic reasons, that wide turning operations were proceeding on the Russian extreme left.

Methodist Vote to Join Other Churches in Securing Uniform Divorce Laws.

Chicago, Oct. 12.—After prolonged discussion, lasting nearly a week, the report of the committee on marriage and divorce was presented at the last moment of the closing session of the 6th Rock River conference of the Methodist Episcopal church at the Evanston avenue church last night. The report recommended a long courtship, long enough to test the quality of love.

The importance of the permanency of the marriage tie was emphasized as having a direct bearing on human development. The committee was unanimous in maintaining that a marriage was contracted until "death do us part."

The conference voted to join with other churches in an attempt to secure the enactment of uniform divorce laws in every state.

BEARING DOWN PAINS

2347 Indiana Avenue, Chicago, Ill., Sept. 27, 1902.

I have been a sufferer with almost every kind of female trouble for years, but as long as I could get around and do my work I would not try patent medicines as I had no faith in them. About eight months ago I had to take to my bed suffering with prolapsus of the uterus, with bearing down pains and intense pains in the back. My aunt, who came to nurse me, told me of Wine of Cardui and sent for a bottle. I am indeed glad that she did, for that first bottle started me on the road to recovery. In a few weeks I was out of bed and in three months I was in better health and stronger than I had been in years. I take a dose now, occasionally, of Wine of Cardui and am kept in perfect health.

Mabel Cook
Sec'y, Woodman's Circle No. 70.

Wine of Cardui brings certain relief to women suffering any symptom of female weakness and it perfectly regulates the menstrual flow. Wine of Cardui stops bearing down pains by permanently relieving the irritation which weakens the ligaments holding the womb in place. You need not suffer every month if you take this medicine. The periodical discharge will be painless and healthy without continual weakening drains. Wine of Cardui will make your health right and you may treat yourself privately in your own home. Secure a \$1.00 bottle of Wine of Cardui from your druggist today.

EARNEST WORKERS

Who Are Giving Their Lives to the Spreading of Christianity Are Among The Delegates.

Missionaries From Japan, China, Korea, India and Mexico Register at the Annual Meeting of the Woman's Foreign Missionary Society.

The first session of the Women's Foreign Missionary Society, which is holding its thirty-fifth annual meeting in Lima, gave promise of a successful convocation. An audience that occupied nearly the entire auditorium of Trinity Methodist church, enjoyed the opening program last night and among the number were over a hundred delegates, who arrived yesterday and were assigned to the hospitable homes of those who always have the open door for workers in the good cause of church and society.

In this particular respect, Lima has never failed. As a convention city, her fame is widespread, and the hospitality of her people has been tested on so many occasions that the cities, the counties and the states that have sent their people to represent them are ever ready to accept an invitation to our midst.

The present occasion is one of especial honor. Way up in the north Lima holds out her hand to welcome the delegates of the Cincinnati branch of foreign missions, whose delegates come from the southern states of Kentucky, Tennessee and West Virginia, Ohio and one district in Michigan complete the branch.

The introductory program was in the main a devotional service, including the administration of the holy communion by Rev. A. A. Van. Words of greeting were delivered by Mrs. C. C. Miller, one of the active workers in the society. Rev. Thaddeus Willsie, pastor of Grace M. E. church, con-

ducted the devotional exercises, following his brief remarks by a prayer for the success of the great work undertaken by these noble women.

The choir of the church furnished excellent music, which also included several special numbers, a duet by Prof. Jones and Mrs. E. V. Wells and a solo at the close of the exercises by the latter.

WORDS OF GREETING

As Expressed By Mrs. C. C. Miller in Her Address of Welcome.

Mrs. Miller's words of greeting were a warm welcome of the delegates, and an interesting review in part of what the branch has done, is now doing, and the buoyant disposition of the women to carry on the grand work of sowing the seed of Christianity in the heathen countries. Her address was as follows:

Madam President, Ladies of the Convention: As a representative of the W. F. M. S. of Trinity church it is my pleasure to welcome this band of noble women to our city, our church, our homes and our hearts. We have been looking forward to your coming with pleasure and expecting great things of you.

In June, Lima entertained the State Sunday School convention and every church feels the uplift that it gave to Sunday school work. We expect this convention to increase the missionary spirit not only in our church but in all churches. Lima as a city welcomes you. As you come from the south,

perhaps you thought it a strange welcome, but if you remained long with us, you would not object to the odor of the oil. We like it. We are proud of the fact that Lima is in the center of one of the largest oil fields in the world. In this country alone the great Maker of the Universe has stored oil which brings an annual income of \$1,800,000, and the Ohio and Indiana oil fields of which Lima is headquarters yields more than \$25,000,000 annually. Would it not be providential if some of this wealth should find its way into the treasury of the Cincinnati Branch of the W. F. M. S., as a result of this meeting in Trinity church?

A godly zeal has characterized your organization from the beginning. Many of the earlier leaders have gone home to glory, but many others who have labored for years are still active, earnest workers. We honor those whose enthusiasm has led them on all these years, the Cincinnati branch in the last 30 years growing from a society giving \$10,000 annually for missions, to one which last year raised \$87,591.30, paid off every obligation and met every bill, with a surplus remaining in the treasury. The officers of this organization for years have laid aside personal ambition and the ordinary pleasures of life to devote their time and energies to successfully carry on the business of the branch and all without remuneration except the pure delight which comes from doing the Lord's work. We are glad to welcome these officers and we hope that we may catch your enthusiasm that we may fill our little places as well as you have learned to fill your large ones. We greet with pleasure the missionaries from the ends of the earth who are here to tell us how they have lightened the burdens of many, how they have made the dark places light, and the crooked paths straight. The delegates compose the working force of all conventions, and to you we say: We are glad you came. You are the representatives of 20,000 members of the W. F. M. S. and young ladies' societies who cannot be present. There are many visitors in this convention and they will gather enthusiasm and take it home to their societies, increased knowledge bringing a greater desire to work. We extend a hearty welcome to every visitor.

We wish to send greetings to the many members of our society who never have the privilege of attending a meeting of this kind. They are the ones who by their faithfulness in little things make it possible for the Cincinnati branch to support 55 missionaries in the foreign field and carry on each year a larger work than they could the year before. We send greetings to our missionary who are at their posts of duty and are praying for the success of this meeting. This very night the northwestern branch is holding its opening session at Rockford, Ill., and to them we send greetings.

When Bishop McCabe made his call for a million for missions the church thought it impossible, but he obtained it. A few years later when the Twentieth Century offering was asked for and more than twenty millions was paid into the treasury of the church, the world looked on in amazement.

Emperor William, of Germany, some six months since, in an address to his people at Potsdam urged his subjects to emulate the example of the young republic of the west in giving. He said that America was little more than 100 years old while Germany had passed her 100th birthday, yet America leads the world in missionary zeal and enterprise. And who made it possible for Emperor William to say this? The women of the Cincinnati branch and the ten other branches of the W. F. M. S. The women whom we honor tonight. Again let me welcome you.

DOWN TO BUSINESS

Is the Convention and Many Reports Are Listened To.

When the missionary conference met for its first morning session today, the register in charge of Mrs. C. C. Miller showed 188 regular delegates present, and at noon the number had increased to 196. As provision was made to entertain 212, there will be other arrivals during the meeting, which, with a large number of out of town visitors near by, means an attendance of several hundred.

The services this morning opened with devotional exercises led by Mrs. W. B. Davis, of Cincinnati, president of the branch, who is also the presiding officer of the society. A hymn, a fervent prayer, and some beautiful and timely remarks concerning the work of the year consumed the early part of the meeting, which was followed by a testimony service, the theme of which was answers to prayer. In this service many of the prominent

DREAD OF HUMANITY

I am compelled by a sense of gratitude to tell you the great good your remedy has done me in a case of Contagious Blood Poison. Among other symptoms I was severely afflicted with eczema, and not almost past going. The disease got a firm hold upon my system; my blood was then roughly poisoned with the virus. I lost in weight, was run down, had sore throat, eruptions, spots and other evidences of the disease. I was truly in a bad shape when I began the use of S. S. S., and the persistent use of it brought me out of my trouble safe and sound, and I have the courage to publicly testify to the virtues of your great blood remedy, S. S. S., and to recommend it to all blood-poisoned sufferers, sincerely believing if it is taken according to directions, and given a fair trial, it will thoroughly eliminate every particle of the virus. JAMES CURRAN. Stark Hotel, Greensburg, Pa.

Painful swellings in the groins, red eruptions upon the skin, sores in the mouth and loss of hair and eyebrows, are some of the symptoms of this vile disease. S. S. S. is an antidote for the awful virus that attacks and destroys even the bones. S. S. S. contains no Mercury, Potash or other mineral ingredient. We offer \$1,000 for proof that it is not absolutely vegetable. Home treatment book giving the symptoms and other interesting and valuable information about this disease, mailed free. Our physicians advise free those who write us.

workers and several missionaries joined.

The seating of the delegates was the first business of the hour, and the call denoted that all of the conferences in the branch, including the states of Ohio, Kentucky, Tennessee, West Virginia and part of Michigan, were represented. Because of the nearness of the city honored with the convention, central Ohio reported the largest delegation.

Following the placing of the delegates, eleven missionaries who are giving their lives to the work in out-of-the-way places, were introduced, as well as several ministers. The work in India, Japan, China, Korea and Mexico was represented by missionaries present, including Miss Elizabeth Maxey, of California; Mrs. J. M. West, of Lucknow, India; Miss Carrie Jewell, of Foochow, China; Dr. Emma Ernsberger, Seoul, Korea; Miss Harriet L. Ayres, Mexico City; and Mrs. Mary Carr Curtis, of Taiping, Malaysia.

The minutes of the mid-year meeting were read by the secretary, Mrs. C. W. Barnes, of Delaware, which was followed by the appointment of committees, and the reports of standing committees.

The literature committee reported sales amounting to an increase of \$291 over last year. The mite box secretary reported 12,681 mite boxes distributed during the year, the amount realized being \$6,857.25, an increase over last year of \$1,497.38. Seven missionary boxes were sent out during the year and others not reported.

The circulation of the society's journal, "The Missionary Friend," has shown a decided increase, 855 names having been added.

A report of the committee on investments and wills showed \$444.44 from that source.

The morning session, with the great hall of business to transact, extended for nearly an hour beyond the regular time for adjournment, the closing moments being devoted to five minutes reports on the society's literature. A special musical number of the morning session was a beautiful selection by a quartette of ladies from Van Wert.

When the morning session adjourned, the delegates and visitors repaired to the room below where a splendid dinner was served.

Blood Saturated Night Shirt

A true case of wonderful cure of Eczema by

D. D. D.

For five years I have been a severe sufferer from Eczema on my neck and shoulder. It itched so much I could not refrain from scratching the sore continually, but even scratched it so as to tear the sore and cause it to bleed—was not nearly so painful as the itching. Many a time have I had to change my night shirt three or four times in one night, the blood from the sore being literally saturated. I ceased from my scratching the sore to get relief. During these five years I have tried almost every remedy recommended for Eczema, and doctored with several prominent physicians, but got no relief. Your D. D. D. Remedy was very highly recommended to me so I decided to give it a thorough trial. The first application stopped all itching and I enjoyed my first night of unbroken sleep in five years. I continued the treatment for two months and have been completely cured. I recommend it to all suffering from this annoying disease and feel very grateful to you for doing so much for me. PAUL L. WALD, Marion, Ind. May 1, 1902.

We vouch for above

The facts in this case of Mr. Paul L. Wald, have been laid before me in all details with proofs that are unimpeachable. Every particular in the history of this remarkable cure more than bears out the above statement of the case. From the proofs submitted, we feel that this announcement comes far from doing full justice to the remarkable merit of a medicine which accomplishes results so important to humanity.

Since we have handled the preparation in this city, a great number of people have used it for various skin affections. Its results have been invariably satisfactory. We are therefore willing to guarantee any purchaser full return of his \$1.00, if satisfactory results are not experienced from a trial of a bottle in any case of skin affection.

We not only sell at retail, but also supply druggists at wholesale prices. D. D. D. costs but \$1.00 a bottle, and is guaranteed to cure or money refunded.

THE MARKETS.

New York, Oct. 12.—Opening prices in the stock market today were a small fraction higher with a few exceptions amongst the coalers. Reading sagged an eighth on the sale of 4,000 shares. U. S. Steel preferred opened up an eighth and then ran off a fraction. The market was broad and active, dealings being well distributed through an extended list.

Free selling to realize carried the whole market backwards in the final hour, a number of prominent stocks touching lowest prices. The gains in the strong stocks were all reduced, and in some wiped out, notably Union Pacific. Reactions ran to a point in the Kansas & Texas stocks, Southern Pacific, St. Paul, Amalgamated Copper, Lead and Car. In the final dealings, Pressed Steel Car rose 3/4, Pullman 3, and Rubber Goods 1/4. The market failed to rally and the closing was easy.

Wool Market.

Boston, Oct. 12.—A steady business appears in the wool market and has the effect of disposing rapidly of the available supplies. Dealers have sold a large part of their holdings to manufacturers. that the railroads are at their mercy.
It might well have added that the
administration is also wearing their
hat.

NOTICE TO MOTHERS.

The nominees for members of the
school board, whose names will grace
the democratic ticket, will be chosen
under the primary system, and there
will be no disfranchisement of the
mothers of this city. They can come,
and vote their choice without being
asked whether they voted for Herrick
or Tom Johnson for governor, or what
the political affiliation of their respec-
tive husbands is.

LIVELY ENOUGH.

Republican spellbinders will have
to let our another reef in order to con-
vince voters that Henry G. Davis, the
democratic nominee for vice presi-
dent, is in his dotage.

Mr. Davis, yesterday, began his
campaign through Maryland and West
Virginia. Leaving Baltimore in the
morning, he made an even dozen
speeches, arranged the details of
every meeting, introduced his corps of
campaigners, did the greater part of
the talking, and at the finish was the
freshest from fatigue of any one in
his party.

The day's work closed at Piedmont,
West Virginia, where Mr. Davis was
once station agent for the Baltimore
and Ohio.

THE LABORER'S HIRE.

Big Charley Evans is wallowing in
Uncle Sam's clover as a reward for
his factional fealty. Charley made a
record for himself as a party leader
at the Celina republican congression-
al convention, when he went to the
fore of a crowd of Forakerites, broke
in the door to the convention hall,
and knocked down the building's jan-
itor.

Charley is now janitor of the gov-
ernment building. He was appointed
by Quay who admired his fistic prowess.

John L. Sullivan is not postmaster
in St. Marys.

Dr. Geo. Hall is no longer postmas-
ter in Lima.

A DIFFERENT GORE.

With some people it makes a mighty
sight of difference whose ox is gored.
The LaFollette organization was the
regular one in Wisconsin. It was the
John L. Sullivan one, yet the Republi-
can-Gazette which resorted to such
disrespectful and rowdy tactics to defeat
Sullivan in this congressional district,
is now striving to curry favor with
the populace by whooping it up for La
Follette, as the real honest republican
of Wisconsin, one who would have a
fair if ever offered a railroad pass.

So long as Brother Campbell has
his brothers in positions as postmas-
ters through the grace of Mr. Roose-
velt, who was represented by the de-
feated "Stalwarts" in Wisconsin, he
had better say little about a public
official accepting a railroad pass; and
he should be sure to cut the White
House off the mailing list. Postmas-
ters have been removed in Ohio for
partisanism offensive to Roosevelt.

EXPENSIVE IMPERIALISM.

Judge Parker laid great emphasis
on those portions of his letter of ac-
ceptance dealing with the necessity
of retrenchment in government ex-
penditures. That he did so from the best
of reason may be readily demon-
strated by the most cursory examination
of official reports of the present adminis-
tration and its recent predecessors.

Under President Roosevelt the ex-
penditures of the government from all
sources have been \$211,000,000 more
than during McKinley's administration
notwithstanding the Spanish war was
carried on under McKinley. The
Roosevelt expenses in four years have
reached the vast total of \$883,000,000,
more than was expended under the
last four years of Cleveland.

According to United States treasury
reports the expenditures of the gov-
ernment per capita under the four
past administrations have been as fol-
lows: Harrison, \$5.77; Cleveland,
\$6.19; McKinley, \$6.56; Roosevelt
\$7.19. The inference to be drawn
from these figures is too obvious to
require pointing out.

The progress of imperialism as
shown in the military arm of the gov-
ernment is even more astounding. In
1903 France paid for her military es-
tablishment, army and navy, \$200,000,
000. Germany, \$218,000,000; Great
Britain, \$340,000,000. During the same
year the United States paid for its
military establishment, including
pensions, the enormous sum of \$829,
000,000.

What does this mean? It means
that in 1903, under President Roose-
velt, the United States spent, includ-
ing pensions, \$1,026,000,000 more than
in 1902.

the empire of Great Britain for its
military establishment; but the United
States in that year spent \$31,000,000
more than Germany and \$39,000,000
more than France for this purpose. If
this government had not paid one dol-
lar in pensions in the year 1903 its dis-
bursements for the military branch
would still have been substantially the
same as those of France, an acknowl-
edged war power, for the same pur-
pose.

This startling cost of imperialism
has been met not only with guaran-
tee of increased safety to the nation
but with greater exposure to the dan-
ger of foreign war. We paid dearly
for our experiment in the Orient, only
to have it weaken us immeasurably
in case of hostilities with any first-
class power.

The voter who intelligently consid-
ers these lamentable facts will vote
the Democratic ticket next November
and thereby do his part to rebuke the
administration that has made them
possible.

WOMEN DISFRANCHISED.

The republican city committee has
issued its call for caucuses to be
held in the various precincts in the
city, next Monday evening from 7 to
8 o'clock, to select delegates who
shall go into convention, Tuesday
evening, at the court house, to nomi-
nate seven members for the school
board. This call provides a few
things that the women of this city,
who are interested in preventing an
entire change of school text books at
the next election should know. First
it says—and if you do not believe it,
read the Republican-Gazette, that:

"The basis of representation for the
different precincts in the various
wards in the city of Lima, shall be
one delegate for every twenty-five
votes cast for Myron T. Herrick, re-
publican candidate for governor of the
state in 1903, and one delegate for
each fraction of thirteen or over."

"All persons known to be republi-
cans, and all persons who will cast
their first vote November 8th, under
oath that they will support the re-
publican ticket this fall, will have a
right to participate in this election of
delegates to said city convention."

Do the women of this city see in
the above stipulations wherein they
are to have anything to say about who
shall stand as educational sponsors
for their children? This republican
call is simply the carrying out of the
plan agreed upon between the editor
of the Republican-Gazette and Boss
Quail, to put the parents of Lima abso-
lutely at the mercy of Ginn & Co.,
book publishers, and if the voters, men
and women, do not put their foot on
teal on election day, they will have
to suffer the consequences.

The education of the promising lads
and lassies of this city should not be
a political matter. The democratic
city committee wanted to keep the
school board as it has been for years,
non-partisan, and the republican com-
mittee agreed to maintain the old
rule, until the Iowa state agent for
Ginn & Co. appeared on the scene, and
asked it over with his father, editor
of the Republican-Gazette. Pa was
unbowed, George Quail was called in,
an Halibut was told to prepare a
speech for delivery before the republi-
can city committee, Canabau, Ohio
agent for Ginn & Co., was sent for,
and among them they influenced the
republican committee to change its
mind and violate its agreement.

And now they propose to disfran-
chise the women.

Frankly, doesn't it look like there
was a crooked deal on?

REASONS FOR CONCLUSION.

Telegraphic news on last Friday an-
nounced that the labor party of Mon-
tana, numbering nearly twenty thou-
sand voters had decided after thorough
consideration and investigation to sup-
port the democratic national ticket.

In a letter to the Montana demo-
cratic state committee, R. D. Miles,
chairman of the Montana state labor
party gives the reasons for their con-
clusions. He said:

"Winston, Mon., Oct. 7.—In order
that the position of the Montana labor
party may not be misunderstood in
their endorsement of Judge Parker for
president of the United States we de-
clare to make known the following
facts:

"The Montana labor party is made
up exclusively of members of organ-
ized labor in this state, and its sole
purpose is to advance through united
political action the cause of those
who toil for a living. When the ques-
tion of endorsing a candidate for pres-
ident came up for consideration by
this committee, it was recognized that
there were several candidates for the
office who are strong advocates of the
rights of labor, but we realized that
the present battle is between Presi-
dent Roosevelt and Judge Parker, and
that therefore if the wage earners of
Montana were to cast a vote that
would count it was necessary that
they support one of these two leading
candidates if their record was such
that we could do so consistently.

"In other words, it appeared to be
the part of good policy to help to elect
the man who was most friendly to our
cause. We are all familiar with the
record of President Roosevelt during
his brief administration.

Russia Will

Be Asked For a Full Explanation

As to Why Russian Vessels Interfere With Operation of Postal Treaty.

There is Little in Way of Precedent To Guide Negotiations on Either Side in a Matter Like This.

Washington, Oct. 12.—The state department expects to dispatch tomorrow the papers relating to the seizure of the Calcutta, to the American embassy at St. Petersburg. As Ambassador McCormick is now enroute to the United States, the matter will be dealt with at the embassy by Spencer Edger, the secretary who will simply submit the papers to the Russian foreign officers for a request for an explanation as to why the Russian naval vessels have interfered with the operations of the universal postal treaty. There is little in the way of precedent to guide the negotiators on either side in this matter which probably will in the end come before the Hague tribunal when it is re-opened. Almost daily some new phase of international law requiring final and acceptable construction by competent authority has arisen and the subject of the right of belligerents to interfere with mails on neutral shipping is regarded as one of the most important.

WHITE MEN FROM NORTH

Go South to Take Places of Colored Men Known as Roustabouts.

New Orleans, La., Oct. 12.—The passing of the negro as a "roustabout" marking an epoch in steamboating on the Mississippi was witnessed by a large crowd of people who today saw sixty white men sent here from western and northern cities, go to work at the steamboat landing in place of the colored men. For years the steamboat men have suffered from the strikes of negro "roustabouts" who have been in the habit of waiting until a steamboat was loaded and ready to leave and then refusing to ship unless their wages were raised. The steamboat interests recently decided to try the experiment of doing away with negro labor and hiring white men, and the first contingent went to work today. A crowd of negroes appeared on the levee but no attempt to molest the strangers was made. Precautions have been taken to send police to the river front in case trouble is started.

WHY

A Big Expanse Is Needed

By the State

In Locating Its Public Hospitals.

Grounds Are Given Over to the Patients for Work, Sport and Exercise

And 500 Acres Are Found Necessary to Lay Out Beautiful Parks, Lawns and Tracts for Gardening.

When people begin asking questions they are naturally interested, and in no proposition in recent years has there been so much discussion as has been raised by the promise of Lima securing the proposed new state hospital for insane.

Many people do not seem to understand why the State requires 500 acres of ground for the new hospital. The State owns 350 acres on which the Toledo hospital is situated, and is now renting 90 acres in addition thereto. The Massillon hospital only recently purchased 200 acres in addition to what was already held, making the present holding near 500 acres. The Athens hospital, one of the old style hospitals, but becoming modernized as new cottages are erected, last year purchased a like number of acres.

The State is devoting a great deal of attention to landscape gardening about these institutions, creating beautiful groves, parks, walks and drives. They also provide tennis courts, base ball courts, parks for band concerts, and all kinds of outdoor sports and amusements. In addition to this they find that many of the patients can be benefited by outdoor labor in farming,

gardening and the cultivation of flowers and outdoor exercise, and these, under the direction of competent and skilled employees, furnish outdoor occupation for a very large percentage of the male inmates. The State having in view all the time the beneficial effects upon the patients. It is not so much what is actually accomplished in a material way as the good it will do the inmates. All the methods used are the very latest, and instruction is upon the most modern lines, so that the inmates who are discharged from the institution return to their homes with the benefit of the education received during their convalescence.

In the parks and on the lawns the inmates who are kept within doors are given daily exercise. This is true even in what is known as the strong ward, and it is remarkable how soon most of those who are violent when they are received become thoroughly tractable and are given the freedom of the entire ward and the daily exercise through the parks and upon the lawns with the rest of the patients, with but two or three attendants in charge. The good feeling between the patients and the real affection evidenced toward those in charge of them is something remarkable and shows the wonderful results of kind treatment and personal consideration. Every patient is given attention and made to feel that his or her welfare is being considered by those in charge, and after a visit to one of these institutions a better conception of the good work that is being done is obtained.

BIG

Improvement to Be Made

At the Plant

Of the Deisel-Wemmer Company.

Four-story Addition to Present Factory to Be Built at Once,

And Employment Will Be Given to Four Hundred Additional Employees. Improvement of Value to Lima.

At a meeting of the stockholders of the Deisel-Wemmer Company, held in the offices at the company's big factory building, on north Main street, this morning, an improvement of considerable proportions was decided upon. The company will at once build a four story brick addition to its present factory building and will increase the capacity of the plant from 650,000 to approximately 1,000,000 cigars per week.

The present factory building is 50 by 120 and is four stories in height, and the new addition will conform with the old in architecture, and its dimensions will be 50x80 feet. The company now has 700 employees on its pay roll and the additional capacity afforded by the new building, will furnish employment for 400 additional employees as soon as the addition can be completed and the employees secured.

This improvement will be a valuable one to Lima as there is no question about the big plant being operated to its full capacity as soon as the addition can be built. The company is securing more business than the present capacity of the factory can meet.

Cigars are made one day, packed the next and shipped the next, the demand for the popular brands that are manufactured by this company being so great that it is now impossible to get a stock of cigars manufactured ahead of the receipt of orders for shipments.

An architect was employed this afternoon, to prepare plans and specifications for the new building and work on the structure will be started as soon as possible.

VERDICT

Of the Board of Public Safety

Returned in Favor of Policeman Billstein.

The Officer Re-instated as a Member of the Force and Assigned to Duty Last Night. Mayor Concurs.

Last night the two members of the board of public service, Messrs. Shanahan and Fletcher, rendered their decision in the case of Patrolman Billstein who had been permanently suspended from duty by Mayor Robb on a charge of conduct contrary to the police department's rules of discipline. Their verdict was that the officer be re-instated and be re-assigned to duty. The order was promptly executed and Billstein returned to duty last night.

In rendering their decision in the case the members of the board intimated that the testimony for the prosecution at the second hearing of the case fell far short of that given before the mayor, and both members asserted that the mayor concurred with them fully in their decision of the case. They also spoke of the good and faithful service rendered by the officer during the time that he had served as a member of the department.

Robbed The Grave.
A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes cunk, I became almost pained continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Balm. To my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at H. F. Vorkamp's drug store, corner Main and North streets.

DISCRIMINATING LADIES.
Major Using Herpelde on Account of its Discriminateness. The ladies who have used Newbro's Herpelde speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it always that itching which dandruff will cause. Newbro's Herpelde effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness, in killing it. Herpelde stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send No. 10 stamps or sample to The Herpelde Co., Detroit, Mich. Wm. M. Melville, Special Agent.

SOUTH

Lima to Have City Transfer.

Build at Once.

Mr. Chappell Buys the Musser Property.

On Main Street Near Circular and Will Bring Business South.

Wedding of Miss Retha Daniels and William Kelley This Afternoon—Personal and Local Notes.

Yesterday, a deal in real estate was consummated, which, if present plans are carried out, will give South Lima another valuable and extensive business.

John Mohr, a South Side real estate man, reports having sold the J. C. Musser property on the east side of south Main street, near Circular, (just north of the Austin grocery), to C. H. Shappell, manager of the City Transfer Co. The property has a frontage of 56 feet, and extends back 396 feet.

In purchasing this property, Mr. Shappell says he intends to erect a large transfer barn in the rear, with office buildings to the front, but will not, for the present, disturb the dwelling which now faces Main street.

South Lima welcomes the City Transfer people, and hope the improvement will be rushed to completion. Business is slowly, but surely moving southward, and ere long South Lima will be a business center.

Mr. Mohr also reports the sale of the Burmison property, on south West street, to Mrs. Harriett Shappell, mother of C. H. Shappell, of south Main street, chairman of the democratic county executive committee. Mrs. Shappell lives near Home at present, but will move to this city in the near future.

Edgar Beall Very Ill.
Edgar B. Beall, of the firm of Corder & Beall, east Kibby street, grocers, is dangerously ill, suffering an attack of appendicitis. Last evening at 5 o'clock his condition was such that an immediate surgical operation was deemed necessary, but within a few hours the patient's condition improved slightly and the operation was deferred. Today Mr. Beall was still slightly improved.

Kelley Daniels Wedding.
As the Times-Democrat goes to press, or about that hour, a wedding ceremony is being solemnized at the

Grace M. E. parsonage by Rev. T. L. Willsee, in which a Kanton man secures a well-known south Lima belle for a bride. The contracting parties are Mr. William Kelley, an engineer of Kanton, and Miss Retha Daniels, daughter of Mr. and Mrs. James Daniels, of Heindel street, and the happy couple will leave immediately after the wedding supper, at the home of the bride's parents, for Kanton, their future home.

Miss Daniels was given a "shower" on Monday evening by the following friends: Mr. and Mrs. Henry Dilley, Mr. and Mrs. Wm. Darling, Mr. and Mrs. W. E. Hoover, Mr. and Mrs. Wm. Brees, Mr. and Mrs. Al Kepner, Mr. and Mrs. J. K. McClurg, Mr. and Mrs. E. R. Brookhart, and Misses Grace and Pearl McClurg, Emma Guy, Alta, Della and Ethel Reed, Orpha Darling, Edith McClurg, Minnie Daniels and Edwin McClurg.

SHILLELAH

From Belfast, Ireland, Presented to Division No. 2 A. O. H.

Last night, at a special meeting of Division No. 2, Ancient Order of Hibernians, held in the society hall in St. John's church building, the Rev. Father Rupert, with an appropriate address, formally presented to the division, a very handsome genuine Irishman's shillelah, which he had brought with him on his recent return from Belfast, Ireland. The present was gratefully received by the division and the gratitude of the members was warmly expressed by the president of the organization, Mr. Dave Danaher.

The shillelah is a magnificent specimen. It was made of bog oak, as black and hard as ebony and handsomely carved. It was presented to Father Rupert, to be conveyed to an A. O. H. division, by President Moran, of Father Matthews' Temperance Society, at Belfast, Ireland, after Father Rupert had delivered a lecture to the society in Saint Patrick's cathedral, in Belfast.

The gift is prized very highly by the members of the A. O. H. division.

THE STAGE.

"A Little Outcast," comes in a blaze of glory at the Faurot Opera House this afternoon and evening. The company presenting this popular melodrama the present season includes Tom M. Kromeyer, C. A. Anesden, D. A. Wilkes, Edward Browning, Harry Lorraine, Joseph Ward, Richard Lawrence, Lena De Laigle, Beatrice Shewbrook, Esther Lane, Little Edna and Master Bobby Young.

Clever vaudeville artists introduce specialties throughout the production. The play is well written and the enthusiasm accorded it affords a convincing argument that melodrama, properly staged and produced, is the most popular form of theatrical amusement. "A Little Outcast," is the most beautiful and elaborate story of New York life ever staged, all phases of it being presented, ranging from ultra fashionable mansions to the lowest hovels of crime. The plot is a strange one and reads like a page from one of Victor Hugo's novels in its weird situations and thrilling climaxes. There are scenes in "A Little Outcast" which fairly takes one's breath away and the enthusiasm with which the best critics from New York to San Francisco have received it, has graced no other play of the season.

"Rudolph & Adolph," the laughable, bright and scintillating musical farce that Messrs. Broadhurst & Currie will show at Faurot Opera House on Friday evening, October 14th comes to the theatre going public as no stranger or dramatic experiment. It has stood and survived the most critical tests of press and public and has for seasons had the unqualified endorsement of both. Its success has been achieved because of merit. A cast of unusual strength, a genuinely clean, humorous dialogue, side-splitting situations, a lot of popular and tuneful songs and music, a goodly number of the very best specialties, an array of pretty girls in fetching costumes and a number of splendid scenic settings combine to make "Rudolph & Adolph" one of the most successful and popular shows on tour today. There are laughs for everybody in abundance.

Tisn't safe to be a day without Dr. Thomas' Electric Oil in the house. Never can tell what moment an accident is going to happen.

RUNS

To Suit The Conductors

Is The Design

Of the Superintendent of the C. H. & D.

Present Arrangement Keeps Several of the Boys From Home.

But Better Condition Will Prevail at Least For the Older Men When It Is Finally Adjusted.

There is soon to be an adjustment on the C. H. & D. which will make several changes in the runs now held by the passenger conductors. It is occasioned by the fact that two of the conductors who live at Toledo and two who live at Cincinnati, have charge of trains that give them a lay over away from home.

Conductor Gandy, of Cincinnati, is in line for one of the through runs, and being the oldest in rank, has the right to it. He has made such a request, and when the change comes, it is likely to bring about others. The through run from Cincinnati to Detroit gives the conductor a lay-over of 36 hours in the Michigan city, which is about the best taste of home life any of the boys could get.

D. S. Into Toledo.
The extension of the Detroit Southern into Toledo, an improvement that was projected some time ago and later seemed to have been shelved on account of the lack of prosperity on the road, is again promised as a certainty. The extension into the Lucas county city from the main line will be started from either Napoleon or Maletta.

It is claimed that arrangements have already been made for the Detroit Southern to use the Wheeling & Lake Erie terminals in Toledo.

Notes.
The railroads, including the C. H. & D. have offered free transportation to members of the American Association of General Passenger and Ticket Agents who will attend the annual meeting at Old Point Comfort, Oct. 18th.

A semaphere has been established at Bates where C. H. & D. trains take the tangent line into Toledo, and it was put into service Monday.

The Lima-Dayton limited car which left here over the Western Union at 8:30 Monday morning, struck and killed a team of horses at Eben-

zer, three miles north of Dayton.

DESPERATE ENCOUNTER.

Forced Into a Corner Policemen Shoots Alleged Robber to Defend Himself.

Cleveland, Oct. 12.—Police Sergeant Isaacs had a desperate encounter in the saloon of Michael Regan, No. 45 Gordon avenue, when attempting to place Al Earl McGinty under arrest on the charge of robbery today.

Forced into a corner by a number of men who pressed about him, the sergeant drew his revolver and fired at the man whom he was attempting to place under arrest. The ball entered his hip and with a cry he sank to the ground. With the assistance of other officers, McGinty and a man named Gallagher were taken into custody on charges of robbery, and from the eighth precinct station the former was conveyed to St. John's hospital. Both men whom the police arrested are ex-convicts and answered the description of parties who perpetrated holdup on West Madison avenue Friday night.

Chicago, Oct. 12.—At today's session of the Interstate Commerce Commission, M. Davies, of Chicago, a commission merchant, testified that because he would not pay alleged exorbitant icing rates, the Farmer Car Co. placed an embargo upon him. He testified that an agent of the company called him from his office and told him he might as well go out of business. He said they threatened that shipments consigned to him by shippers would not be handled unless all charges were paid in advance by the shippers. The threat was carried out, Davies testified, and during last summer, he said, he received no shipments from the entire vegetable belt south of Cairo, Ill.

Wilmington, Del., Oct. 12.—The regular and union republican state committees met here again today to complete the single republican ticket which was started on Monday by the agreement of the factions to accept Preston Lee, of Wilmington, as nominee for governor. No decision has been reached, the regular committee being unable to agree upon the candidate for state treasurer, one of its assignments.

Preston Lee declined to say whether he will accept the nomination for governor. Dr. J. H. Chandler, nominee of the regular state convention for governor, who was deposited in favor of Mr. Lee, today prepared nomination papers with over 200 signatures, and will go on the official ballot as an independent candidate.

COURTS WILL BE ASKED TO

Prevent Rebuilding of Baltimore & Ohio Bridge Across Ohio River at Parkersburg.

Parkersburg, W. Va., Oct. 12.—It is reported here, though not officially confirmed by the United States district attorney that he is preparing a bill for an injunction to prevent the reconstruction of the Baltimore & Ohio Railroad bridge across the Ohio river at this point. All the spans have been rebuilt except the two channel spans and it is reported that the courts will be called upon to prohibit the construction of bridges the present spans are too short and that while the laws would not remove the old piers, they would prevent the construction of new ones and the reconstruction of the bridge is equivalent to the construction of a new one.

THE COMING OF MR. BRYAN

Will Awaken New Interest In the Issues of the Campaign.

Noted Orator's Special Train Is Scheduled to Arrive Here Over the Pennsylvania Railroad at 3:50 O'clock in the Afternoon.

The coming of Hon. W. J. Bryan, to Lima, to address the democracy of this city and community, as an earnest supporter of Judge Alton B. Parker and advocate of the principles of democracy as defined in the platform adopted at the St. Louis convention, is expected to awaken renewed interest in the national political issues which are before the voters of the country in the present campaign. Mr. Bryan has been heard in Lima on three or four previous occasions and his oratory has always been of a character that touched and aroused the innermost sentiments of his political friends and never failed to command the respect of those of other political belief.

Mr. Bryan is now scheduled to arrive here at 3:50 o'clock on the afternoon of Monday, October 21, one week from next Monday, and 40 minutes have been allotted to the stop in this city. No time will be wasted in unnecessary introductions or preliminary addresses. Mr. Bryan will speak from the platform of a special car which will be provided for him by the democratic state executive committee and he will be required to divide the forty minutes with no one.

Mr. Bryan's Itinerary.
The itinerary to-day decided upon by the State Committee is as follows:
New Philadelphia, 8:55 a. m. B. and O. Depot.
Wooster, 10:50 a. m. Pennsylvania Depot.
Londonville, 11:45 a. m. Pennsylvania Depot.
Mansfield, 12:25 p. m. Pennsylvania Depot.
Bucyrus, 1:20 p. m. Pennsylvania Depot.
Upper Sandusky, 2:05 p. m. Pennsylvania Depot.
Forest, 2:50 p. m. Pennsylvania Depot.

Ada, 3:20 p. m. Pennsylvania Depot.
Lima, 3:50 p. m. Pennsylvania Depot.
Delphos, 4:35 p. m. Pennsylvania Depot.
Van Wert, 5:05 p. m. Pennsylvania Depot.
Celina, 6:05 p. m. Cincinnati Northern Depot.
Greenville, 7:10 p. m. Cincinnati Northern Depot.
Hamilton, 8:50 p. m.
The arrangement above given takes Mr. Bryan through five democratic districts, and into a territory where he has a large and devoted personal following. The best of results are expected to flow from the trip as the Republicans have been working the free silver racket, against express orders, among the farming communities. Chairman Garber, of the State Executive Committee, is elated over his success in getting Mr. Bryan to devote a day to Ohio, declaring that his presence alone will mean the securing of an additional congressman at the coming election and will of itself be a complete answer to the claims of the counterfeit populist ticket for the support of his friends.

A Close Schedule.
"The schedule is to be a very close one," said Congressman Garber. "For this reason there will be no speeches of introduction at the various points named in the itinerary. Mr. Bryan will also want to reserve his strength so that it has been decided that he will not be asked to meet parties of friends or hold impromptu receptions en route. It will be a hard day's work at best for him."

The announcement was also made that former Senator David B. Hill had tendered his services for an afternoon meeting October 20. When his services were first secured Timm had application for the event, but the com-

mittee was compelled to decline the request, and Mr. Hill was assigned to Mansfield for the evening of that day. Chairman Garber has succeeded in getting Mr. Hill to go to Lima, so that all will be happy. A. P. Sandies, candidate for Secretary of State, and probably General A. J. Warner, of Marietta, will also appear at the Timm meeting. Mansfield by this arrangement will hear both Bryan and Hill within four days.

Two More Games For the Finale.

Lima and Wapak to Play on Saturday and Sunday.

Base Ball Players' Benefit Dance Was Held in Wheeler Hall Last Night and Was an Enjoyable Affair.

The Lima base ball team is loth to disband. Last Sunday's victory over Wapakoneta's returned professionals was to have been the last contest of the season but as the all-star team from the Auglaize county capitol wanted another trial against Eggert's yodlers, it has been decided to play two more games, the weather permitting. The games are to be played Saturday and Sunday, and the Wapak players hope to have long Bob Ewing on the firing line in one of the contests.

The base ball players' benefit ball, held in Wheeler hall last night, was an enjoyable affair and was largely attended by an excellent crowd of young people. The program of dancing began at 8:30 o'clock and was concluded at 12:30 o'clock this morning.
